## Hiring the Chapel Hall

We would always suggest that you book and use the Ashdon village hall before approaching us, however if they are already booked the following applies when booking the Church Hall.

1. Assuming the booking is not a church activity or event you will need to organise and show proof of having your own insurance in place.
2. The hall is booked out at £ 10 per hour.
3. We do not accept bookings for children's parties and reserve the right to refuse a booking which we believe is in conflict with the purposes of the church and or does not comply with the doctrines or beliefs of the church. For this reason organisations and individuals making application for the use of the church premises will be asked to declare the purposes for which the premises will be used.

If you would like to know more or wish to enquire about availability please contact Gavin Walter.
